Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1 and 2 are rejected under 35 U.S.C. 102(b) as being anticipated by Senoh.

Senoh discloses all of the subject matter set forth in the claims and is identical to the invention as broadly claimed. Some of the claimed elements disclosed by the reference are: a second tool holder (5A-D) can be moved in controlled fashion along two axes by a second compound slide system (25) and the movement of the second tool holder (46) is synchronized with the movement of the first compound slide system (17) in such a way that the movement of the second tool holder (5A-D) is an arithmetic overlay of the movement of the first compound slide system (17) , the description of this movement can be found at column 4, lines 14-50 and the relative movement between the workpiece and the second tool holder (5A-D) Further the axes of movement (Z1, X1) of the first compound slide system (17) and the axes of movement of the second compound system (25) are parallel to each other.

Allowable Subject Matter

Claims 3-10 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

Applicant's arguments filed 3/30/06 have been fully considered but they are not persuasive.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
